3 | Add & Subtract to 5

- 1a. In the number line above, which two numbers are put together to make the whole?

\_\_\_\_\_ + \_\_\_\_\_

- 1b. What number is the whole?

\_\_\_\_\_

2. Write the missing numbers.

3a. Complete the missing dot card above.

3b. What is the whole? \_\_\_\_\_

3c. What are the parts? \_\_\_\_\_

4. Solve.

$5 - 1 = \underline{\quad}$	$\underline{\quad} = 2 + 3$
$\underline{\quad} + 2 = 4$	$3 - 2 = \underline{\quad}$

5. A teacher brought some pencils to school. He put them into 2 piles. If he brought 5 pencils, how many pencils might he have put into each pile?

\_\_\_\_\_      \_\_\_\_\_  
pile 1              pile 2
