Draw dots and fractions to make the number comparison true.

Manipulatives and Symbols

1

$\frac{1}{3} < \square$

A horizontal number line with arrows at both ends. A tick mark at the left end is labeled '0'. A dot is placed on the line at the first of three equal intervals between 0 and 1.

2

$\frac{1}{4} < \square$

A horizontal number line with arrows at both ends. A tick mark at the left end is labeled '0'. A dot is placed on the line at the first of four equal intervals between 0 and 1.

3

$\frac{1}{6} < \frac{5}{6}$

A horizontal number line with arrows at both ends. A tick mark at the left end is labeled '0'. A dot is placed on the line at the first of six equal intervals between 0 and 1.

4

$\square > \square$

A horizontal number line with arrows at both ends. A tick mark at the left end is labeled '0'. Two dots are placed on the line: one at the second of four equal intervals (1/2) and one at the third of four equal intervals (3/4).
